1 | Introduction

The Commercial Series motion detectors replace several discontinued motion detector models. Refer to the following sections for details.

2 | Replacement product advantages

The Commercial Series TriTech detectors provide several advantages over older models.
	Feature	Benefit
	Active infrared anti-mask	Detects attempts to obscure the field of view of the detector.
	Integrated jumper-selectable EOL resistors	Reduces installation time and complexity.
	Self-locking enclosure	Reduces installation time.
	Integrated bi-axial bubble level	Reduces installation time.
 2,3 m - 2,75 m (7.5 ft - 9 ft)	Flexible mounting heights	• No adjustments needed. • Reduces installation time. • Reduces false alarms. • Improves catch performance.
	First Step Processing	Almost instantly responds to human targets without producing false alarms from other sources.
