## Inaccurate Step in RADION Life Safety Installation Manual

Issue severity	Products affected
<input type="checkbox"/> High. Act immediately  <input type="checkbox"/> Medium. Bosch Security Systems strongly recommends you take the action described below.  <input checked="" type="checkbox"/> Low. Advisory	▶ RADION RFCO-A CO detector

**December 12, 2022**

### Issue

The RADION Life Safety Installation Manual (F.01U.361.311) contains an inaccurate statement found in Section 9.2 **Manually testing CO detectors**.

The error is found in Step 2: *Press the test button to silence the alarm and stop the test. The red light will continue to flash.*

### Resolution

Step #2 is not required and should be ignored. It refers to silencing of an alarm and does not apply to testing. Pressing the button for 1 second will continue to silence the alarm.
