Issue

Topic   **Installation of BIS from downloaded ZIP files**

Description   Steps to install BIS from ZIP files downloaded from the online
product catalogue.

1. Download all the ZIP files marked "mandatory". Each contains a folder called **_Install**.
2. Download the ZIP file for the language that you wish to install. This also contains a folder called **_Install**.
3. Unpack all these **_Install** folders into the same **_Install** folder.
4. You should obtain a similar folder hierarchy to the one illustrated, whereby your language folder may vary (here **1033_en** i.e. English).

5. With administrator rights, execute **setup.exe** in the **_Install** folder.
6. Follow the instructions given by the installation program.
